NYSERDA, Energy Smart Communities creates networks of organizations and agencies that contribute to energy-focused neighborhood projects. The program shares economic, environmental and social benefits through energy efficiency and the diversifying of energy resources. Accomplishments include downtown redevelopment efforts, energy-related job training, and low-income ENERGY STAR® housing.

Flatbush Development Corporation has been serving the Flatbush community for 35 years. Recognizing affordable housing as a key element of a sustainable community, FDC is committed to preserving our neighborhoods by providing foreclosure prevention counseling and addressing tenant/landlord issues. Providing a wide variety of services ranging from programs aimed at reducing heating and cooling costs, freezing rent, as well as other entitlement benefits, enable us to continue serving households of all sizes, ages and income levels in our community.
